

Consultancy Services

AskKrishna CFM offers cutting edge services and solutions to institutions, organisations and professionals to embrace Mindfulness. As part of this journey, we offer the entire spectrum and bandwidth of knowledge and intelligence to touch and transform your organisation and its key stakeholders into a mindful one.

Our consultancy practices blends global best practices in the arena of both mindfulness and consultancy, through a combination of human capital, knowledge management and technology deployment. This ensures, our clients get the best and latest insights to adopt Mindfulness across all levels. Further, we handhold our clients at every step by engaging and collaborating with their key people, partners, vendors and clients.

We offer critical and outcome driven solutions in the areas of

- a. Conscious organisations
- b. Mindful schools
- c. Mindful leadership
- d. Mindful living
- e. Mindfulness based psychotherapy

Our in-house R&D, high ethical practices, global best practices, confidentiality, strategic outlook and an eye for details ensures your growth is our mission.
