

KarmaEngineering

Rewrite your destiny. Fate meets fate, but not destined for everyone.

Come and get immersed in the most gripping talk show that has the potential to transform your life and let the learning happen by unraveling all the secrets

You have come across the concept & idea of karma in your life and have understood it in your own way - sometimes felt like a victim and helpless. This interpretation of the concept is considered as the theory of cause-effect and has been prevalent in most of your lives .

- What is Karma?
- Is Karma really a reality?
- Can the existence of Karma be proved?
- Can Karma be decoded?
- And most important can it be overcome?

KarmaEngineering answers all these questions in the most simple and engaging way through day-to-day life experiences providing insight to what it is to conceive life without psychological time, knowledge and thinking.

Can you imagine how to live a life without thinking ?

You've been taught to think and think and think. But what has all your thinking done to you? It has brought all the sufferings you're facing right now and mankind as a race is facing.

KarmaEngineering is the compelling study of all you know about karma and is not what it is. So karma can be overcome and you can rewrite your own destiny.
